The Lucas Family

About the Lucas family: Stuart and Pippa live in a large city in Eastern Europe with their sons Michael (11) and Toby (7). Stuart works as an academic scientist at the nearby university, and Pippa is involved in supporting local believing ladies. Both boys attend local schools. Their vision is to build a team focussed on using their professional skills to bring Jesus' transforming love into their different workplaces and the people there.

Latest news from Stuart and Pippa

"In the last few months we have taken on leadership of our team of 9 adults, 6 children, and 4 different nationalities! By God's grace this has been a time of blessing and growth so far.

We are currently in the UK for a few weeks with our families. We are grateful for our health and good relationships. Please pray for God's favour and protection so that we can continue to thrive.

Meanwhile our host nation is experiencing ongoing political tension, and it is becoming harder for foreign nationals to get permission to stay in the country long-term. At the same time we are hearing reports of small groups of our host people beginning to meet and read the Word together.

Stuart's University department is changing, with a lot of new staff and procedures, including a new boss. Stuart is in the process of applying for a new work permit. Several of our team-mates have been negatively affected by recent changes to the visa system, and are waiting to hear whether their visa will be renewed."

Give thanks:

- For good health and relationships within our family
- That Stuart's boss seems to like him
- For ongoing unity in the team

Please pray for:

- Stuart's new work permit to come through promptly
- Stuart to be salt and light during the slightly bumpy transition process at work
- The small groups of enquirers we have heard of, to continue to meet around the Word and to be the start of something that spreads country-wide.
